IT'S NOT FAIR!: Turning Things Around for our Peace of Mind

We can all agree that in life, we all experience situations that are truly not fair. In her presentation, author, Adrienne Falzon will help you understand how you can turn things around for peace of mind. Based on her children's book, *It's Not Fair*, Adrienne speaks to both children and adults. So, parents and grandparents, bring the children in your lives to learn strategies, when life is not fair.
